

In Memory Donation

An In Memory gift helps us to give our children and their families the positive experiences that will become good memories for the future.

Instead of buying flowers for a funeral why not make an In Memory donation to Richard House?

An In Memory gift can be made at any point in the year. In Memory gifts can mark a significant date, such as a birthday or an anniversary. The memory of your loved one can live on to help the children who use Richard House.
